Senior Living Properties LaPorte Healthcare Center Certified as a Great Place to Work®

[LaPorte, Texas and Fort Worth, Texas, January 17, 2020] – Great Place to Work Institute has honored LaPorte Healthcare Center, a Senior Living Properties skilled nursing facility, with certification as a Great Place to Work. The certification process considered more than 40 employee surveys from LaPorte Healthcare, with a 76% Trust Index Score, at 100% participation. Great Place to Work, an independent research and consulting firm, evaluated more than 60 elements of team members’ experience on the job. These included employee pride in the organization’s community impact, belief that their work makes a difference, and feeling their work has special meaning. Rankings are based on employees’ experiences, no matter who they are or what they do.

“We decided to make this investment part of our 2019 Strategic Goals to understand our team of talent, much better, across the portfolio.”, shared Senior Living Properties Chief Executive Officer Cassie Mistretta. “We presume to know and understand what is happening in the field, but we want to prevent ourselves from getting out of touch. Such recognition from our associates is a huge influence for us to continue investing in one of our most valuable resources, our employees.”

“We applaud Senior Living Properties for seeking certification and releasing its employees’ feedback,” said Dr. Jacquelyn Kung, of Great Place to Work’s senior care affiliate Activated Insights. “These ratings measure its capacity to earn its own employees’ trust and create a great workplace for high performance.”
